

ABOUT THE

THE HISTORIC *Catskill Point*

The Historic Catskill Point, located at the end of Main Street in the Village of Catskill, is a 3 1/2 acre Greene County-owned park at the confluence of the Catskill Creek and Hudson River.

In days gone by, the Catskill Point served as the gateway to the Catskills with the Day Liner boats transporting visitors from New York City to this site. From here, visitors could venture further via railway to the many grand hotel resorts, like the Catskill Mountain House, which have been made famous by the Hudson River School of Painters.

Events AT THE HISTORIC CATSKILL POINT

Make any event more special at The Historic Catskill Point. Enjoy dramatic Hudson River and Catskill Mountain views while surrounded by rich artistic and maritime history.

The Historic Catskill Point includes an open-air cobblestone plaza, a waterfront park overlooking the Hudson River and Catskill Creek, floating docks and two restored 19th century buildings: the Freight Master's Building and the Historic Warehouse.

The former Freight Master's Building is a vintage brick structure converted into a maritime museum.

The building's South Bay is ideal for classroom-style meetings and more intimate gatherings of up to 50 guests.

The Historic Warehouse is a wooden structure, built in the 1890's, with truss ceilings and a clear span covering 180 ft. x 50 ft. or 9,000 square feet. With a loading dock and large bay doors that can be opened on both the Hudson River and Plaza sides, the building provides an "open air" feeling that is perfect for larger gatherings. The Warehouse can host up to 600 guests.

Together, the Freight Master's Building, Historic Warehouse and outside park area, can accommodate up to 1,500 guests.
